INTRODUCTION

You are a sharp arrow in God's hands. You are born to hit a particular target. Getting saved isn't about just joining a church, joining Christian trends but it is rather about allowing the Holy Spirit to set you on fire to express God Almighty, to love others unconditionally, to walk humbly with God Almighty and grow into the character of Christ. It is a complete awakening altogether.

The responsibility of power is knowing that you can manipulate people and things into your favour but you still decide to act in the best interest of your principles and values. God Almighty seeks to find in us servants. If there is servitude in us, the earth and everything in it is ours to use and to enjoy for His glory and purpose.

Maturity is not utterance of wise words but rather the application of the very words. The kind of spirits that enslave a person are evident in a person's actions and words. Wise men have in-depth experiences behind the proverbs loudly spoken by fools.

A lot of people want God's silver and gold but not God Almighty Himself. That is exactly where the problem is. God Almighty doesn't just give His seekers silver and gold without building His heart in them. There is greater responsibility to everything God Almighty blesses you with. Stewardship requires character and love.

Love is the only virtue that creates a perfect world. Apart from love, hypocrites are evident everywhere.

Remember the value of time, worth of sacrifice, benefit of effort, virtue of patience, success of perseverance, dignity of simplicity, power of kindness, Joy of charity, importance of morality and the peace of contentment.

There is a higher dimensional walk with God Almighty that will make you look like an insane person because your life in that very season will not make sense to anybody.

You are called to impact the lives that God Almighty

long chose. Your life's call is territorial, specific and durational.

You can find purpose and not find God Almighty but you cannot find God Almighty and not find purpose. Passion is everywhere but fulfilment is God's.

Three dangerous people to come across in your pursuits:

1. A promiscuous and flattering woman who holds keys to doors you need to enter.
2. An evil man who has fundamental skills required for the success of your project.
3. A person who isn't passionate about their work.

These three will definitely punish your integrity. When I was younger, I went on to explain and now that I am older, I instruct and experience explains clearly.

This book comprises of brief instructions that when carried out yield great results and peacefulness.

20 LAWS OF DYING IN POWER

**By
Njabulo Chriswell Sithole**

LAW 1

KEEP SECRETS

The best way to keep power over others is to keep their secrets even if they reveal yours or even if they provoke you to reveal theirs.

If you can manage to forget the secrets you keep then you are free from remembering.

Every organisation is built on secrecy. Every leader has a confidant that takes many secrets to grave. Families trace back to dangerous and dirty secrets everywhere.

God Almighty himself doesn't work with a man with a big mouth. You must have an intense level of secrecy otherwise you cannot be trusted or entrusted.

LAW 2

OUTSMART YOUR ENEMIES

Use your enemies to get what you want. Mislead them into creating traps that will help you get you close to what you want. Use your enemies as valuable instruments of feedback to improving your life, products or services.

Distract monitoring spirits. Always falsely present your failures, be it in your projects or family situations just to distract monitoring spirits. Have monitoring spirits idolize your failures while you peacefully succeed in the other meaningful ventures.

Guard factors around your elevation! Sometimes it's not that you aren't humble enough to be exalted by God Almighty. It is the attitudes of the friends and the partner you have that are a stumbling block for your elevation by God Almighty.

These friends and partner you have will ridicule those who God Almighty assigns to your help, praise you out of portion to ignite pride and undermine those in lower

positions that you need to serve. They will misrepresent your values and morals.

In the years, I personally got rid of friends who wanted to misuse the recognition I was gaining to lure ladies and illegal dealings. I am much happier and more peaceful without them.

Make sure that your associations doesn't disqualify your elevation. Don't be a good character in the presence of bad company. You have to be willing to be set apart for noble use otherwise you will live a frustrating and sabotagous life.

One of the ways to disarm your enemy is to confess your wickedness before they expose it. If you do that, they won't have leverage against you. The enemy in men everywhere will look for fault, weakness(es) and vulnerabilities in you in pursuit to gain control over you and the ministry bestowed upon your life. There is a raise of men who take pleasure in destroying believers. Now we must be wise as believers to be able to discern the enemy's devices to scatter, divide and to confuse the flock of God.

LAW 3

MASTER YOUR EMOTIONS

Learning to be conscious of your verbal and non-verbal initiations and responses to what others say and do is the beauty of emotional intelligence and the charm of self-control.

People will attack you based on your past mistakes. Don't return the attack with their mistakes or expose their secrets, calm yourself down, endure the insults from others, keep the power to avenge contained within yourself. Why? You will always have control over them.

You need to understand that people's characters are uncertain and unpredictable. The person giving you their best today, will give you their worst tomorrow. The opposite is also true. Betrayal is evident in everyone, you just don't know it yet. Don't accredit too much trust or confidence in any man. Give trust according to the level of betrayal you can take from people. Make room for disappointments and betrayal.

Gain power over yourself .Self-control is mastery over your emotions, thoughts, urges and desires. Most of our problems and compromises reflect a lack of self-control to varying extents. Attack the behaviour in your comment not the person otherwise that comment about the person will injure and endure.

Refuse to see others from the dusty and misty spectacles of those primary to you. Your story with them will be what you make it to be.

Prior to anything else you want to gain. Gain self-control. You will be alert enough to impact your world. Guess what? Meditating upon God's Word builds self-control as your mind renews so will your habits and speaking change.

LAW 4

ONLY LOYAL PEOPLE ZONE

As you grow older, you will realize the importance of having people who are loyal to you with everything they have and with who they really are. Unfortunately this is not a one-way street, you are also required to play your part cheerfully so.

Your inner circle isn't the twelve selected from every tribe but the three you can take to the mount of transfiguration. Even if the three has witnessed you transfigure. Keep a lot of other divine secrets between you and God Almighty.

Let your interest be drawn to building high-value relationships. When you are sure about the firmness and authenticity of their loyalty to you - qualify them. Make friends, acquaintances and advisors out of your town, city and county - scatter your friendship everywhere carefully.

It is within your power to judge who becomes your friend, associate and life partner. Don't take what's common or available for the fear of being alone. You find the best when you personally grow into your best.

Wrong advice exists in anyone that's envious, jealous, arrogant, ignorant and who wants to keep favour with you.

Neutral, God-fearing and loving advisors are very rare. Tread carefully with men.

LAW 5

PROTECT IN PUBLIC & CORRECT IN PRIVATE

You are to be held of high value if you protect someone in public and correct them only in private. Fight for them as if they are right and correct them in private for their wrong(s).

One key role you should play is to be an eye-opener of your people. Everyone is faulty and imperfect. Yours my friend, is to express love in gatekeeping.

The reason your nudity is not on the timelines of believers who witnessed your nudity is that they are matured in grace and in love despite you exposing their nudity to the rest of the world - they understand your infancy, immaturity and foolishness so they bear with you.

LAW 6

DON'T BEFRIEND THE ENEMIES OF YOUR FRIEND

Approach friendship like a covenant made between God Almighty and Abraham. God Almighty had Abraham's back and Abraham had God's Almighty back.

"NOW [in Haran] the Lord said to Abram, Go for yourself [for your own advantage] away from your country, from your relatives and your father's house, to the land that I will show you. And I will make of you a great nation, and I will bless you [with abundant increase of favors] and make your name famous and distinguished, and you will be a blessing [dispensing good to others]. And I will bless those who bless you [who confer prosperity or happiness upon you] and [a] curse him who curses or uses insolent language toward you; in you will all the families and kindred of the earth be blessed [and by you they will bless themselves] ". - Genesis 12:1-3

Abraham never messed with God's enemies nor did God Almighty mess with Abraham's enemies instead both God Almighty and Abraham vindicated each other from each other's enemies. Constantly evaluate your friendships and don't be afraid to unfriend anybody.

Don't blend in with bad character. Treat them good, love them but don't befriend them.

Get into the habit of thoroughly assessing people with patience before you get into any type of relationship with them. The patience in your assessment will save you from unnecessary drama and problems. Being a believer doesn't exempt you from the classroom of life but it does give you an eternal and identity advantage.

LAW 7

PAY PEOPLE FOR THEIR WORK

We complain when our brothers who smoke drugs steal from us to feed their addiction yet we again are the same people who take advantage of them by paying them peanuts when we hire them to do “piece” jobs for us. It is not our business what they do with the money we pay them. Ours is to require good results and reward those results with fairness.

All great millionaires and billionaires are vulnerable, they just don't show it. If you hit on those they trust, they automatically fail and fall hence they really take lucrative care of those that serve them and do their best to eliminate weaklings around them.

Identify at a young age people who you can entrust some power to and put overseers on them they themselves don't know about.

Owe nothing to a man's sweat. If you can afford, be more generous to his sweat for your gesture will always come back to you.

LAW 8

BE STILL IN YOUR STORMS

You will survive adversary, manoeuvre through difficulties and overcome your challenges if you can learn to keep calm.

Three boys were coming from a nearby primary school when I asked them to please open the gate to my home for me. The other 2 laughed and continued to walk while the remaining one gladly opened the gate for me to enter and closed it again. I came out of the car and called him back. I took out a R50 note to thank him for his gesture. He went back to his friends smiling to show them what he received from me. The frowns expressing disappointment, anger, jealousy and hatred towards the one that voluntarily helped me was for days.

You might look like a fool to others for serving God Almighty diligently so but hey! When He begins to pour His unlimited favour upon your life - He will definitely put a show on for everyone to see. You will enter places you never imagined, seal deals you don't deserve and

occupy positions you aren't qualified for. Keep your call, your works of love and your ministry.

Never overestimate your problems and underestimate the God Almighty in you .God Almighty is able to exceed your expectations and imaginations.

Learn to be patient with God Almighty. When you are living a life of integrity and truth. It may look like nothing is happening in your life but you need to be patient enough to reap the benefits of righteousness. Instant benefits of uprightness are good sleep, peace of mind, a good name and no lies to memorise.

God's "No" is to be trusted more than the foolish affirmations of your leaders, friends and family. Take reproach from God Almighty, it is more valuable than any human opinion. Whatever you need from God Almighty. Utter above all else gratitude for what He has already done for you no matter how small it is to your eyes. A grateful heart attracts God's peace.

Law 9

APOLOGIZE AND FORGIVE TRULY

People are very unfair and prideful to great extents. Levelling yourself to their foolishness, bitterness and vengeance will delay your prosperity.

You must love your brothers and sisters in Christ even if they disappoint your expectations otherwise you will be a bitter and less effective believer.

Your level of forgiveness is either your hell or heaven forever. It is fruitless to serve God with an unforgiving heart. You will resent the people you are called to serve.

LAW 10

LAUGH AT FUNERALS & CRY AT WEDDINGS

The living are still going to face suffering especially newlyweds. Shed a tear for them to comfort them for the sorrows, conflicts to arise, the countless expectations to be failed, the secrets to be uncovered, the battles to be fought and adversaries to rise ahead.

Laugh at funerals for a man's life is concluded and he is victorious. Victorious enough to hear nothing, feel nothing and to see nothing of this physical world. His life is finished, his race has ended and mostly his physical destiny is reached. Celebrate with him as you approach your own end daily.

The greatest deaths are to vows of two enthusiastic lovers and the greatest celebrations are to the obituaries read out loud of good and worthwhile legacies.

LAW 11

SUBMIT TO LEARN

Life is an experience and experience is to be gained whether you are aware of it or not. You are never the same at the end of each day.

If you want to be great in a particular industry, volunteer your services to whoever is leading the industry even if it is for little or no money at all because the experience and connections you will gain will sustain you for a lifetime.

When you volunteer your services, you automatically increase your profile, knowledge and expertise. Picking up and handing over tools at a workshop as an assistant gives you ample opportunities to observe, learn and apply as your senior permits.

LAW 12

REACH CONSENSUS BEFORE ACTIVITY

This will help you not violate the conscience of the other and that of your own . Find people who you agree with in your partnerships. An indecisive partner contributes to failed missions no matter how carefully planned those missions are. Success requires agreement.

Self-absorbed people don't make good partners or leaders. Better avoid their path than to learn the hard way

You are 25% most likely to succeed alone and all you have is yourself to console yourself through 75% of your losses. You are 50% most likely to succeed as partners plus you have each other to console each other through 50% loss. Partnership is dangerous yet has high rewards.

LAW 13

DON'T INDEBT YOURSELF TO FOOLS

You will be a slave to an unkind lender so much that you will sacrifice the good due to the people you lead to compensate your lenders . The thought of debt steals your joy and derails your focus on your objectives.

The loyalty of African leaders is to their lenders at the expense of their people. Slavery is product of African kings in partnership with western rulers .Africa was never oppressed instead it was sold and credited by its leaders to their lenders.

The problem with most of your leaders is that they are indebted to various favours before they are even elected to power. All conveniences come at a price. Capitalists are not your friends.

Lenders control all kinds of leaders through borrowing. Pastors are indebted to rich families, politicians are indebted to monopolies and presidents are indebted to

the royal house of England. All these borrowers are ineffective in their positions of service due to the control of their lenders.

Try by all means not to be a borrower or to accept conditional mercy or even get yourself in trouble with merciless lenders. Owe no man any favour that will jeopardize your loyalty to God Almighty and to the people you are entrusted to serve. Be generous in your lending. Don't imitate systems built by fools.

LAW 14

ENJOY THE COMPANY OF ORDINARY MEN

I have lived long enough to see the foolishness of both servants and rulers. Allow ordinary people to buy you a cold drink.

Sit in circles with unbelievers, challenge and trick them to your faith. Present noble truths strategically in your talks.

Never mind hypocritical onlookers who will accredit you with various bad titles. It is their judgments that will be under test not yours.

LAW 15

MEANINGFUL SERVITUDE

Power is tested around your inferiors and those who are vulnerable. To mistreat your inferiors and to pleasure on those who are vulnerable to you is to delay your elevation by God Almighty regardless of being praised by your foolish associates. You get to choose who to serve most of the time and how to serve them. Sometimes you are given unkind and unappreciative visitors just to test your attitude.

As a servant, both demons and angels will come to dine at your table. All kinds of spirits in men and in your thoughts do visit a man.

Find and become a selfless enabler. Make sure that you allow yourself to be mentored and that you submit yourself to enabling elders. Search and survey their lives beforehand. Even if they aren't selfless, if they know something you want to know, endure their foolishness and unkindness but don't imitate their

example. The aim is to acquire the experience they have.

When you are a condemning leader or parent. You automatically produce hypocrites of high distinction.

Leader's exhaust themselves when they fail to delegate power, facilitate various gifts and monitor progress.

Leadership isn't hard work, leaders are just too much of insecure, glory-seeking perfectionists with no intention to create independence in their team-players.

Jesus Christ Himself wasn't everywhere, doing everything - He trained, identified gifted individuals and delegated authority.

LAW 16

WISDOM AND WEALTH ARE GOD'S TO GIVE

The greatest contrasts is wealthy men without wisdom and wise men without wealth. Wealth is like speed but wisdom is direction yet above it all wisdom is the principle thing although wisdom is much better with wealth.

The purpose of wealth:

1. Create jobs and grows businesses (Industrialization - Solomon built cities, invested in foreign currency and built temples. Job was into farming = dairy products, butchery, livestock trading, Camels used for transportation, wool from sheep, Carvelas from cow skin).
2. Welfare & Charity (Job took care of orphans, widowers and the needy) sustainable social programmes.
3. Justice (Wealth is used to influence the justice system, to keep the ends of justice defending the poor and oppressed).
4. Pleasure (Solomon enjoyed the finer things in life).

LAW 17

WISDOM IS STRENGTH AND WEALTH COMBINED

Remember the Castle Lager ad where a king was giving his daughter to a suitable man . The first guy was a rich guy, who flaunted diamonds before everyone promising the king a comfortable and luxurious life for his daughter.

The second guy displayed physical strength by lifting up a heavy rock while promising the king that he will protect his daughter come what may.

The third guy appeared humble, honest, wise, charm, confident and very persuasive. He promised the king that he will give his daughter the finest from the treasury of his heart.

At the end the humble guy is seen sharing a beer with the king. Now, most women want everything shown by these men, the wealth, strength and wisdom yet even

in the advert, it is acknowledged that wisdom is the highest and most favourable quality.

If a man doesn't make godly wisdom his highest pursuit, you are already in trouble as a woman. He will have wealth but he will not be able to sustain it. He will have physical strength but he will die in the wrong battle. Without wisdom, he is doomed before he begins.

LAW 18

EMBRACE YOUR STRENGTHS &

FIND COMPLEMENTS FOR YOUR WEAKNESSES

As a Land Rover driver , I am one of the slowest on the open road but the fastest on gravel , potholes and muddy terrains. When GTI, BMW and ST guys worry about their suspension and tyres - I on the other hand have the time of my life.

Maximize your advantages to the fullest of your growth, be content with your capabilities and have fun.

Life is too short to worry about what you lack. We all shine in parts and in seasons. You are able where others are disabled hence compatibility is essential.

LAW 19

BE WHOLEHEARTEDLY GENEROUS

When you have plenty provisions, share. When you have wisdom, enlighten. When you have knowledge, teach. When you have skills, equip. When you have words of encouragement, uplift others.

Fulfilment isn't in what you withhold but rather what you give unconditionally and freely. The fastest way to live a miserable, envious and hateful life is to withhold what God Almighty has freely given to you. Suffocation from greed which results to loneliness, unhappiness and depression is premeditated suicide.

Returned loyalty, mercy and favour will not come from the people you served. It will come from the GOD Almighty you served by doing good to others. You do it to God Almighty first before you do it to anybody. Think through your words and actions - they come back to you multiplied.

LAW 20

IMPART AN EXCELLENT SPIRIT IN OTHERS

You are going to die someday as none of us live forever. How do you live on even when you are dead? You live on through what you impart to others with your own life's example. When they saw the disciples act like Jesus Christ, they called them Christians.

It may not be your children that receive the impartation of your spirit but fear not because you will live on. Your influence will be felt, honoured and remembered through those you diligently raise.

Don't make an idol of yourself. Always redirect men to God Almighty regardless of the powers bestowed upon you to impact the lives of many - you are a vessel not the source.

EXTRA LAWS

PURPOSE RICHES TO BETTERMENT

If you are good-hearted. Riches are going to be a burden, a weapon of restoration and a purpose to you. If you are an evil-hearted. Riches are going to be a pleasure, a weapon of destruction and death to you.

There is no way that a good-hearted person will ignore the cries of the poor, high unemployment rate and poor living conditions. It takes very cruel, evil-hearted and greedy people to do that.

I advise you to refrain from befriending, dating and associating with evil-hearted people even if they are Christians - don't entangle yourself with people who have the same sickness, weakness and cold-heartedness as yourself otherwise you will not change or grow.

RELIGIOUS INEQUALITY IS RAPID

People will not work with you or endorse you even if you are very good at your work because of your religion. What's intriguing is that people will receive your help and money despite your religion. Even the atheist exclaims "May God bless you" as he receives a kind gesture from you.

People from different religions who profess the sovereignty of God Almighty, doesn't the same God Almighty Who brings you customers instruct you to love, to be generous , to be kind and sober in your judgements?

On the giving end, you question and discriminate based on one's religion. On the receiving end, you accept and validate the authenticity of their faith because of their kind gesture.

DENOMINATIONAL HATRED

Amongst Christians all over the world is denominational hatred preached on many pulpits across the world and on multiple YouTube channels . Should this scare you? No! Divisiveness is one of the enemy's tactic that has worked for many years. There are unending theological differences that seem to raise every single day. Leaders everywhere are pushing their own agendas to satisfy their own egos and to settle scores amongst themselves. Yet the power to unite the church remains a duty avoided by many believers. Stupid arguments have scholars creating more confusion everywhere. Will the Church ever come to unity? Yes! The remnant of the Church will but many like goats will be separated from sheep for they have chosen their masters and their fate.

Apostle Paul puts it this way, "There is [now no distinction in regard to salvation] neither Jew nor Greek, there is neither slave nor free, there is neither

male nor female; for you [who believe] are all one in Christ Jesus [no one can claim a spiritual superiority] ".

Therefore, make allowances for infancy and little faith in others. We indeed have a long way to go.

MEN ARE INCONSISTENT IN THEIR JUDGEMENTS

The gardener calls his boss' children "spoiled brats". The same gardener is raising children who are pursuing studies in medicine and in accounting. When the gardener's children get high paying jobs and spoil their own children. The gardener now a grandfather proudly exclaims, "that's my hardwork".

Therefore, I want to submit to you the futility of life. The judgment you pronounce on others will also be one day pronounced on you. Men judge observations and hardly correct what they see wrong in others in themselves first.

Earth in a nutshell is the best off heaven and the worst off hell combined.

ENCOUNTER GOD ALMIGHTY

People who are responsive, guided and led by the Holy Spirit don't need laws to govern them. They are automatically governed by Love and Wisdom in its highest holiness.

There are people who know ABOUT God Almighty and there are people who KNOW God Almighty. The former is knowledgeable but the latter is experienced. From the experiences, there comes knowledge. The encounters with God Almighty require constant HUMILITY.

Don't be stuck on knowledge! Seek an encounter! Knowledge is experience interpreted while wisdom is knowledge applied with distinction. God Almighty gives all kinds of knowledge and imparts His wisdom in men that ask and that please Him. The knowledge and wisdom Solomon received from God Almighty was timeless and it was immediately available to him in a

blink of an eye through inhabiting Spirit of God Almighty in him.

We also have God Almighty inhabiting in us as the Holy Spirit. We are just not calm and still enough to hear His guidance. It is through the inhabiting Spirit of God Almighty in us that we get to know and do things beyond our age. We cannot have God Almighty residing in us and be normal. We are supernatural graced with abilities our carnality cannot fathom. People are right to say that you are not alone as they witness the impossible and the miraculous done with your life.

ACKNOWLEDGEMENTS

Total gratitude and honour is due to God Almighty who ceases not to enlighten us in matters concerning our lives. It is totally by His gracious loving-kindness and favour that such a project has come to pass through my hands. I am indeed humbled.

I am grateful to the various doctors, specialists' nurses, cleaners, porters and security guards both from Midmed Hospital and Netcare Hospital Pretoria for your dedicated service to the preservations of my young life. May God extend a double portion of the very goodness you poured to Him through my life.

The unconditionally support from my family, friends, business partners, brothers and sisters in the faith and mostly you the reader as a pursuer of truth and wisdom. Thank you so much and my God Almighty abundantly bless you.
